

OUTLINES.

Ex-President Theodore Roosevelt and party arrived at Mombasa, East Africa, last evening on the steamer Admiral. They were welcomed by military guard and a large crowd of natives—Abdall Hamid is to remain Sultan of Turkey, but the present Cabinet will resign immediately. Arguments for a new trial for Col. D. B. Cooper and Robin J. Cooper were heard yesterday by Judge Hart, at Nashville, Tenn. Judge Anderson and General Washington finished for the defense and the State's attorneys will speak today—Gov. Geo. L. Lilley, of Connecticut, died last night after an acute illness of four weeks—The Educational Conference of the Methodist Episcopal church, South, opened in Richmond last night with a welcome address by Gov. Claude A. Swanson. Dr. John C. Kilgo, president of Trinity College, Durham, made the response—The Senate confirms the nomination of Thomas C. Dawson as Minister to Chile—There was no general discussion of the tariff bill in the Senate yesterday—Mrs. Sarah E. Thompson, who was a noted Federal spy during the Civil War, was hurt, perhaps fatally, by a street car in Washington yesterday—There was a tilt in the Senate yesterday between protectionist Republicans and tariff-revenue Democrats over cotton seed oil—A panel of 150 veniremen was exhausted in the Hains case without securing another juror—A second report is made of sighting the derelict schooner Elvira Ball—The chauffeur who ran down young Trimble in New York and fled to Texas has been jailed on charge of criminal negligence—Leo Muthem, a Chicago boy, is kidnapped and ransom is demanded of his mother—A big smuggling scheme by importers of silks and dressmakers' supplies has been discovered in New York—Senator Cummings of Iowa, introduces an amendment to the tariff bill providing an income tax—A tornado, accompanied by hail and lightning, play havoc in Northern Ohio—A Canadian cruiser fires on and captures an American fishing schooner, charged with poaching—New York markets: Flour firm but dull. Wheat firm, No. 2 red 1.40 nominal elevator. Corn firm, No. 2, 80 3/4 elevator. Oats firm, mixed 57 1/2 to 58 1/2. Rosin steady. Turpentine quiet. Money on call easy at 1 7/8 to 2 per cent, ruling rate 2, closing bid 2, offered at 2. Cotton quidd middling uplands 10.80, middling gulf 11.05.

The question is now raised: Must a Democrat who accepts a non-political office from a Republican President necessarily become a Republican?

Just suppose women's hats cost according to the size. How would husbands ever keep their wives and daughters in both hats and virtals?

It begins to look like all the nominations for the Judgeship are in, and now Taft should begin to make up his mind as to which one he will choose.

If Judge Adams had made as much out of that Oklahoma job as some folks say he did he would not be likely to be so anxious for another Federal job.

Wonder if Bryan expects to keep up this thing of engagements thirty days ahead until all the States have appointed their delegates to the next National Democratic convention?

We can't endorse the argument in favor of Democrats accepting offices under a Republican administration that if they don't do so they would never get any at all.

The Butlers are trying their case with Adams over in the papers. They had better be careful. It was this newspaper work which got them into trouble in the Guilford court.

The difference between a stock broker and a bucket shop manipulator is about the same as that between the man who steals a chicken and one who robs a bank of thousands of dollars.

The News and Observer speaks of "the various candidates for the Taft smile in the Federal Judgeship race." They have gotten the smile, and now it is the more substantial thing they are waiting for.

Wouldn't it be a good idea for Taft to assemble all the Judgeship candidates in the executive office and put them through an examination on law as is done with candidates for license to practice law?

Florida Legislators have not reported outcome of that tour of inspection into Georgia of the methods of prohibition. Perhaps they are waiting to recover from the results of the combats with the blind tigers they went there to hunt.

Bryan accepts an "invitation to address the Florida Legislature, but, owing to previous engagements, it will be a month before he can be on hand—and some one said the other day that he was "disappearing."

WILL LAY IN OILS

New Enterprise Chartered Yesterday by The Secretary of State.

COMPETITOR OF STANDARD

Independent Concern Enters Local Territory—Mr. W. R. Barksdale Will be Manager—Connection With Texas Refinery.

The Secretary of State yesterday granted a charter to the Cape Fear Oil Company, of Wilmington, an independent concern which, it is understood, will enter the local territory in opposition to the Standard, which has hitherto had this field practically to itself.

The Cape Fear Oil Company has an authorized capital stock of \$50,000 with \$5,000 subscribed by Messrs. J. W. Brooks, Thos. E. Cooper, R. W. Herring and some 15 or 20 other leading local business and professional men, including quite a number of wholesale and retail merchants, who deal largely in the products which it is proposed to put on the market. The charter powers are for refining and dealing in petroleum and gasoline, naphthas and similar products. Negotiations are being made for yards and trackage on the outskirts of the city and it is understood that Mr. W. R. Barksdale, for many years superintendent of the Standard Oil Company in this city, will be the active manager of the business. Mr. J. W. Brooks, it is understood, will be president and Mr. Thos. E. Cooper, secretary and treasurer. A wagon will be placed on the streets for the retail trade in Wilmington and the company will also deal in barrel and tank quantities for outside shipment. Mr. Barksdale, the manager, is a gentleman of wide experience in this line and will be a valuable acquisition for the new enterprise. It is learned that a valuable trade connection has been made with one of the large independent oil companies of Texas and that the company will be able to compete successfully with its large competitor.

Further announcement of the plans and purposes of the company will be made known upon receipt of the charter from Raleigh, the issue having been yesterday by the Secretary of State.

CHANGES AT THE AMERICAN.

Mr. A. T. Bowler Goes With Florida East Coast—Mr. E. F. O. Banck. Mr. A. T. Bowler, a popular young Wilmingtonian the past year with the American National Bank in the capacity of bookkeeper and later as teller, has resigned his position, effective today, and will leave tomorrow for Florida, where he has taken a position in the engineering corps of the Florida East Coast Railway. Mr. Bowler is succeeded at the American by Mr. E. F. O. Banck, a popular young bank man from the staff of the Murchison National Bank. These changes will be of much interest to the many friends of the young men, who wish them every success in their new berths.

Leave For France. Mr. D. Starr Owen, of Fayetteville, and Mr. R. A. Burnett, of this city, both with the Standard Turpentine Co., of Wilmington and New York, expect to leave today for New York where they will sail Saturday on the steamer Lapland for Antwerp. From there they go to Paris, thence to Rouen, France, where they will put in operation one of the big turpentine plants of the company in that country. Mr. Malcolm McKenzie will accompany them and they are expected to be away in all about four months.

Sheriff's Fine Collections. State Treasurer Lacy has acknowledged the settlement with the State and sent Sheriff Cowan a statement of collection of New Hanover taxes each year since 1901, showing that more money has been collected during the two years of his past administration than ever before. The two last representing Sheriff Cowan's collections, the years are as follows: 1901, \$28,176.36; 1902, \$29,271.32; 1903, \$33,605.41; 1904, \$40,759.54; 1905, \$39,074.09; 1906, \$39,032.08; 1907, \$43,440.42; 1908, \$43,598.82.

Wilmington Attorneys in Asheville. Messrs. George Rountree and Iredell Meares, of Wilmington, are in Asheville, before Judge Pritchard for a hearing of the report of the standing master on the motion of H. C. Boyce and others appointed in the case of Geo. R. Russell against the Kanawha Lumber Co. The hearing continued all day Monday and Tuesday, and is reported in the Asheville papers to have been quite spirited.

I. C. S. Window Display. The window display of the International Correspondence Schools, of Scranton, Pa., at the shoe store of Mercer & Evans, on Princess street, is splendidly arranged and is very attractive. The instruction papers of this school are used in many of the technical colleges of the country, and information in regard to courses will be gladly furnished.

SHIPMENT OF BERRIES

Only Fourteen Car Loads Yesterday. Total Movement Since Opening of Season Less Than One Hundred Refrigerator Cars.

With the first ten days of the strawberry shipping season already passed, less than a hundred solid car loads of the fruit, exclusive of express consignments have gone forward to the northern markets, which is a pretty safe indication that the early predictions of a long season are going to be verified. Complaints are made that along the Wilmington and Weldon railroad the crop is largely off, but reports from the Chadbourn belt are that the yield will be an average both in quantity and quality.

Yesterday the movement through the junction office at South Rocky Mount was only 14 cars and these were distributed as follows: New York, 6 cars; Philadelphia, 4; Buffalo, 2; one each to Boston and Newark. The heaviest one-day movement through South Rocky Mount was last Sunday when 22 cars were handled, the next nearest approach being 19 car loads on Tuesday of this week. The express shipments this week have averaged about 500 crates per day, according to reports from Business Agent Bauman at Rocky Mount. The movement started Saturday a week ago with one car and there were two on Monday following. This dropped to one on Tuesday, five on Wednesday, three on Thursday, five on Friday and 22 on Saturday, these passing through Rocky Mount the day following, of course. The total number of cars shipped thus far is only 72, whereas last season this date the movement was very much heavier. Prices generally from the Chadbourn section are reported to be satisfactory with the outlook for improvement as quality of the fruit improves.

CASWELL NEWS NOTES

New Barracks and Post Exchange Completed—Changes at Garrison.

For Caswell, N. C., April 17.—Contractor Schach, who has been erecting the new company barracks and post exchange here, completed his work last Wednesday. It is understood that the beautiful new barracks will be occupied by the 79th Company C. A. C., who have been in camp here since their arrival last Summer.

Captain A. Hasbrouck, C. A. C., who has been in command of the 19th Co., in this post since July 1907, leaves the latter part of the Summer for Fort Monroe, Va., where he will attend the artillery school for one year.

Electrician Sergeant Durham, who was ordered to this post from duty at Fort Barrancos, Fla., arrived here Tuesday, and left on seven days leave to meet the remains of his brother, who died at Fort Bayard, New Mexico. The remains were shipped to his home in this State for interment.

Post Surgeon, Lieut. Reasoner left here this week for examination for promotion. Dr. J. A. Doshier, of Southport, takes his place at the post.

A new boat, a launch, is being built by Dr. Doshier, which he promises will create a sensation around Southport and Caswell for its speed. It will be about 30 feet long with 10 H. P. gasoline engine, and will cause Captain Harper with steamer Wilmington, to look to his laurels in the speed line.

ALLEGED THIEF HELD.

Accused of Stealing Money Given Him to Buy Whiskey.

A rather interesting and unusual case in which Will Canada, colored, is charged with stealing \$1.50 from a colored farmer, who is alleged to have given it to him to purchase whiskey, will be investigated at the session of the Recorder's court today.

The farmer came to the city from Scott's Hill and says that he gave the money to Canada, with the understanding that he knew where to purchase him some whiskey, and the latter subsequently pocketed the cash. Canada denies the charge and says that he was told to go off and get some wine with the money and when he returned refused to accept it, telling him that he wanted whiskey. The warrant was issued for him last Saturday and he was arrested Tuesday night by Officer I. F. Huggins.

GOLF MATCHES SATURDAY

Interesting Tournament For Prize offered by Winner of Easter Event.

Members of the Cape Fear Country Club are looking forward with much interest and pleasure to a 14-hole bogey play golf match for gentlemen and a nine-hole handicap match for ladies on the beautiful links of the Club Saturday afternoon. The prizes are by Mrs. Charles N. Evans, the winner of the ladies' Easter tournament and all members are cordially invited to participate in the tournament. Play will begin immediately upon the arrival of the 2:30 P. M. car.

SLATE IS COMPLETED

Newly Elected Aldermen in Caucus Elect All City Department Employees.

SEVERAL CHANGES MADE

Herbert McClammy, Esq., City Attorney; Dr. Akerman Superintendent of Health; Capt. R. O. Grant Supt. of Streets.

The newly elected Board of Aldermen in caucus assembled last night in the parlors of The Purcell, on Front street, named for formal election at its first meeting at noon May 5th, all department officials and employees of the city government, from janitors of the public buildings up to the office of City Clerk and Treasurer, as follows:

City Clerk and Treasurer—John J. Fowler.
Assistant Clerk and Treasurer—C. H. White.
City Attorney—Herbert McClammy, Esq.
Superintendent of Health—Dr. Jos. Akerman.
Superintendent of Streets—R. O. Grant.
Building Inspector—H. E. Bonitz.
Dairy Inspector—Dr. T. B. Carroll.
Quarantine Officer—E. Piner.
Health Inspectors—E. S. Lynch, J. H. Holton and J. C. Vereen.
Clerk Front Street Market—T. H. Johnson.
Clerk Fourth Street Market—S. O. Frink.
Cattle Weigher—S. L. Yopp.
Janitor City Hall—Mr. Ennett.
Plumbing Inspector—R. H. Grant.
City Engineer—C. R. Humphreys.
Janitor, Front Street Market—Mr. Cox.

Board of Health—Drs. A. H. Harris, T. S. Burbank and Jos. D. Smith. No effort was made by the members of the Board to keep their proceedings quiet and the secretary readily furnished a copy of the record for publication. The caucus convened at 8 o'clock and Mr. J. H. Hinton was asked to preside and Mr. F. W. Bonitz to act as secretary. Mayor-elect MacRae was present at the opening of the meeting, but asked to be excused as he had another engagement. It is stated that while members of the Board naturally had preferences for the various offices to be filled, that the meeting was entirely harmonious and it was agreed to let the action of the caucus be final, several of the nominations having been made unanimously after lengthy balloting had brought a majority for one candidate or the other. As will be noted from the list a number of changes were made in the present administration.

The first matter taken up was that of the election of City Clerk and Treasurer. Mr. Fowler having been nominated by Mr. Karr and seconded by Mr. Ellis, while Col. White for assistant treasurer was nominated by Mr. Hall and seconded by Mr. Yopp. These elections were unanimous, all opposition having apparently taken to the tall timber. For City Attorney Mr. Fales nominated Herbert McClammy, Esq., second by Mr. Stone; Mr. Karr nominated Marsden Bellamy, Jr., Esq., the present incumbent, seconded by Mr. Willard, and the application of Woodus Kellum was read. Mr. McClammy received the nomination on the first ballot. This was later made unanimous.

For Superintendent of Health Mr. Ellis nominated Dr. Akerman and Mr. Karr nominated Dr. Harper, the present incumbent. The first named was elected.

There were ten or more ballots for superintendent of streets, the contest among ten candidates for the position finally narrowing down to Captain R. O. Grant and Mr. J. T. Riley, the first named winning out. Other names presented were Messrs. R. B. Moore, J. A. Perry, E. D. Conway, J. M. Woodard, R. H. Reville, F. A. Montgomery, Harry Hill, and Mr. Wright.

Mr. H. E. Bonitz, the well known architect, was elected building inspector, the other candidates being Alderman K. W. Jewell and Fire Chief Charles Schribben. Mr. F. W. Bonitz, being a brother of one of the candidates was excused from voting.

Dr. Carroll had no opposition for dairy inspector. For Quarantine Officer Captain Robert Green, the present incumbent, was defeated by former Policeman E. Piner. The health officers elected were Messrs. Lynch and Vereen, the present incumbents, and Mr. J. H. Holton, formerly in this department, succeeding Mr. Moore, who was a candidate for re-election but failed. Other applicants were Messrs. J. E. Sharp, E. W. Hewlett and Charles H. Beardsley.

The election of a clerk of Front street market was left over until the last but upon being subsequently taken up, Captain Johnson, the present incumbent, was elected over Mr. R. B. Moore. For clerk of Fourth street market, S. O. Frink was elected over Josiah Cumber, the present incumbent. Mr. S. L. Yopp for cattle weigher, had no opposition.

Five ballots were required to determine the contest between Mr. W. L. Benson, the present very efficient janitor at the City Hall, and a Mr. Ennett, who was finally elected after

PRETTY SPRING WEDDING

Miss Fannie Lillian Herring Attractive Bride of Mr. Earl William Jones, Popular Wilmington Young People—Ceremony.

A beautiful hearts and flower wedding, so typical of Spring in this delightful semi-tropical climate, joined in marriage yesterday evening at 8 o'clock at the home of the bride's sister, Miss Anna J. Herring, No. 119 Chesnut street, Miss Fannie Lillian Herring, an attractive young woman of this city, and Mr. Earl William Jones, late of Ebensburg, Pa., but more recently of Wilmington where he has a managerial position with the City Laundry Company.

The well appointed home was beautifully decorated throughout and was thronged with friends and admirers of the young people to witness the pretty nuptial event. Plants and flowers were used in profusion and the setting for the pretty and impressive ceremony, which was performed by Rev. A. D. McClure, D. D., pastor of Saint Andrew's Presbyterian Church, was one altogether lovely, the beautiful ring service being used. An improvised altar had been arranged in the front parlor and as the strains of the wedding march as played by Miss Britt, organist at St. Andrew's, died away, the solemn ceremony was spoken.

The bride was attended as maid of honor by her sister, Miss Rosa Herring, who was charmingly costumed in pink silk, trimmed with pink chiffon roses and ribbon and carried a pretty bouquet of pink roses. The only bridesmaid was Miss Denie Moore, of Fayetteville, who was pretty in a gown of pink silk, trimmed with point lace, and she carried a bouquet of pink carnations. The bride was pretty in a handsome gown of white satin braided in tulip design and carried a lovely bouquet of bride's roses. Her ornament was a beautiful and costly pearl and diamond brooch, the gift of the groom.

The groom was attended as best man by Mr. Davis Robbins, and the groomsmen were Messrs. R. F. Hall, E. C. Herring and Roy Lee, the gentlemen attendants being attired in the conventional evening dress. A brilliant reception followed the wedding at which Mr. Jones and bride were the recipients of many happy felicitations, their popularity being attested by the large number of very handsome wedding gifts received.

The bride is a daughter of the late Thos. J. Herring, of Kerr, N. C., but has lived in this city several years, and is a young lady of charming personality with a large number of admirers in the city and elsewhere. The groom has many friends in the city, who will extend congratulations. The couple will reside at No. 613 South Front street.

Among the out-of-town guests were Mr. and Mrs. Nathan Bonum, of Magnolia; Mrs. Ella Newkirk, of Willard, sister of the bride; Mrs. Rebecca Jones, of Pennsylvania, mother of the groom.

THE RECITAL TONIGHT.

Mme. Colombati and Signor d'Acugna at Elks' Auditorium Tonight.

It is seldom that the people of Wilmington or any other city for that matter have had the rare pleasure of hearing at popular prices such distinguished musical artists as Mme. Virginia Colombati, soprano, and Signor Jose M. d'Acugna, pianist, who will appear in the auditorium of the Elks' Temple for a special engagement this evening, beginning at 8:30 o'clock. Both in this country and abroad Mme. Colombati has achieved an enviable reputation and the playing of Signor d'Acugna is well known from his recent appearance here with Calve. The artists have already arrived and will use one of the handsome Steinway pianos kindly placed at the disposal of Mme. Colombati by Mr. J. W. Wilson, the local manager. Seats for the recital are on sale at Munson's.

New Wharf at Smith's Island.

The work of constructing a new wharf at Smith's Island, at the mouth of the Cape Fear river, has been in progress for several days and is being superintended by the Commissioners of Navigation and the officers of the buoy tender Wisteria, which has been spending several days there. Besides building a new wharf other necessary repairs are being made to the light-house on the island.

A sharp contest, 6 to 4. For plumbing inspector, city engineer and janitor of Front street market, there was no opposition. The Board of Health also remains the same as at present except the Mayor, who is ex-officio chairman, and Mr. M. W. Jacob, who becomes a member of the Water and Sewerage Commission, and is succeeded by Mr. Jos. D. Smith.

It was adopted as the sense of the meeting that Mayor-elect MacRae be extended the courtesy of naming the Mayor Pro Tem, the Board to concur in his appointment in every respect. A motion was also carried that all employees of the street department who are competent be retained.

The caucus adjourned at 10:30 o'clock until the regular meeting of the Board on May 5th.

Take Tony's Tip—(He heard Colombati rehearsing for this evening's recital.) "Never heard such singing around here."

AFFAIRS IN RALEIGH

Family Has Narrow Escape From Midnight Fire That Destroyed Country Home.

RATES, TWENTIETH OF MAY

Charters by Secretary of State—Many Applicants For Position of Oil Inspector—Other Capital Notes.

(Special Star Correspondence.)

Raleigh, N. C., April 21.—The family of Mr. W. B. Wilder, three miles south of Raleigh, escaped from their home about midnight in their night clothes while angry flames spread through the building, every effort to stay their progress being futile. Mr. Wilder's family consists of an invalid wife and seven daughters and a son.

One of the daughters who was still up studying her lessons and at the time discovered the flames, but after too great headway had been gained for extinguishing them. The dwelling was a large one, worth probably \$3,000 and there was \$2,000 worth of furniture. The total insurance on the property was \$2,000. Mr. Wilder is a prosperous farmer.

Governor Kitchin issues a requisition on the Governor of Massachusetts for Phil Alston, a young negro wanted at Louisiana for murder. He is in jail at Boston and refuses to come to North Carolina without the requisition. He killed a negro woman two years ago.

The Secretary of State charts the Holbrook Construction Co., Draper, Rockingham county, capital \$25,000 by A. H. Holbrook and others; The Spray Baseball Association, of Spray, Rockingham county, capital \$1,200 by R. T. Thompson and others, and The Union Ginning Co., Fairmont, Robeson county, capital \$25,000 by H. F. Purvis and others.

There are more than 300 applications already on file in the State Department of Agriculture for the office of oil inspector created by the act of the recent Legislature for the inspection of illuminating oils, but the appointments are not to be made until the June meeting of the board. Under the act there can not be more than ten of these inspectors, one for each Congressional district, and the probability is that there will not really be that many for the present. The salaries are limited to \$1,000 per year. At the June meeting the board will also have to provide for the application of the new inspection acts for poultry and stock feeds and licensing dealers and for the inspection of garden seeds. Both these acts are effective July 1st.

Announcement is made by District Passenger Agent Gattis that the Seaboard has decided to put in effect a rate of three cents per mile plus 25 cents for the round trip, from all points in the State to Charlotte for the May 20th celebration, making the round trip cost \$6.05 from Wilmington; \$4.85 from Durham and other points on the same ratio. The military companies and bands are to have a rate of one cent per mile where as many as 25 are on one ticket. There are to be extra day and Pullman coaches on all trains from Raleigh and Wilmington to Charlotte to accommodate the crowds.

The Supreme Court delivered opinions today in eight appeals as follows: State vs. Moody, from Jackson county, appeal dismissed; Sutphin vs. Sparger, Surry, reversed; Mahler Dalton Gilmer vs. Clothing Co., Forsyth, affirmed; Fralay vs. Fralay, Rowan, new trial; Belvins vs. Cotton Mills, Durham, no error; Umstead vs. Bowling, Durham, no error; Price vs. Griffin, Wayne, no error; Dorsett vs. Barbee, Forsyth, per curiam affirmed.

BAPTIST UNION TONIGHT.

Interesting Meeting Will be Held at Southside Baptist Church.

The regular union meeting of the three Baptist Sunday Schools of the city, with representatives from each, will be held this evening at Southside Baptist church at 8 o'clock and an interesting programme has been prepared.

The subject for the evening is "Reclaiming Absentees and How to Hold Them," and talks will be made by two delegates from Brooklyn and First Baptist churches and the two speakers at Southside will be Messrs. R. B. Moore and J. F. Littleton. These meetings are held once a month and have proved of much advantage in Sunday School work in the city. The public is invited to attend.

THE SITUATION IN TURKEY.

It looks as if the revolution in Turkey whereby the Constitution is to be restored is to be a bloodless one, a remarkable proceeding in that Empire where much less important political movements are usually bloody affairs. What bloodshed there has been was by the men who had headed the movement to overthrow the recently adopted constitutional form of government whereby greater personal and political liberty was given to the people.

In the present revolt against the Ministry the Sultan apparently is powerless. He seems to be unable to decide with which of the contending parties to take sides. He is perfectly apathetic, remaining quietly in his palace awaiting, apparently without any concern, whatever the results may be.

In the meantime the invading army, encamped only a few miles from the capital, is being recruited daily by deserters from the garrisons. So far the army has been quiet and has abstained from any acts of hostility; simply, through its commanding officers, issuing decrees and manifestoes setting forth the grievances of the people and what must be done for their relief, all of which are based on the guarantees of the recently adopted constitution. The invading army is master of the situation and can overthrow or sustain the existing Government as it sees fit. As its declared purpose is to restore the constitution, so long as it confines itself to that purpose and continues to pursue the pacific and orderly course heretofore adopted the nation will be with it, and, furthermore, there will be no occasion for interference by the powers; in fact, none of them could make an excuse for so doing, as it was through the instrumentality of the powers and in accordance with their express desires that the Sultan granted to the people the constitutional Government which has been virtually overthrown and whose restoration is the purpose of the army. There is no chance here for Russia or Austria to intervene, which with them would mean an attempt to secure another slice of Turkish territory.

In the meantime, however, fearful conditions exist in Asiatic Turkey which the Government, because of the situation on the west side of the Bosphorus, is unable to remedy. The Moslems seem to be massacring Christians at their will. Whether or not the Government would interfere and put a stop to the massacres were it able to do so is questionable. No doubt it is glad of an excuse for not doing so, and it can say to the powers that its inability to interfere is the result of the action of those powers in forcing the Porte to grant to the Turks such radical changes in the form of government.

As the Government is unable to protect its citizens of Christian faith in Armenia it will be the duty of the powers to take on themselves the protection of those people and the punishment of the assassins; but for some reason they seem to be slow about doing it. With the European powers it is likely the same old feeling of jealousy which always makes them cautious and slow to take stringent measures where the Turkish Empire is concerned. The United States is in no position to give immediate protection to her citizens in the locality of the massacres because she has no adequate force there. The two cruisers North Carolina and Montana have been ordered to the nearest seaport to the scenes, but to get there from their present location they will have to steam several thousand miles. Until these warships reach the Armenian shore the Christians will have to rely upon their own resources unless the Young Turks party pushes matters at Constantinople, take control of all matters throughout the Empire and adopt stringent measures to stop the slaughter of Christians in the Asiatic territory.

MAGAZINES FOR MAY.

McCall's Magazine, the "Queen of Fashion," for May is equal to, if it does not surpass, its usual standard. This number gives the ladies the summer designs, and for that reason will be found by them to be unusually interesting. The address is The McCall Company, 236 West 37th street, New York, the price five cents a copy or 50 cents a year.

Woman's Home Companion for May, published by the Crowell Publishing Company, Metropolitan Aaux

Building, Madison Square, New York City, is ready for its thousands of readers. Its Special Departments, "Art, Music and Verse," "Household and Fashions," "For Younger Readers" and its special articles including fiction, with their illustrations make this number unusually entertaining. The price of this magazine is 15 cents a copy, or \$1.25 a year.

Popular Mechanics for May has a large and interesting table of contents treating of many things connected with modern day mechanics and applied sciences, giving accounts of occurrences in connection with these subjects. This magazine is not only entertaining, but its readers can keep well informed as to what is going on in the mechanical world. The price is 10 cents a copy or \$1 a year, from newsdealers or the publishers at 225 Washington street, Chicago.

Appleton's Magazine is published by D. Appleton & Co., 29-35 West 32nd street, New York city, at 15 cents a copy, or \$1.50 a year. The May number, which is just out, is full of interesting stories, serial and completed, by well-known writers. Among the former is "My Story," by Hall Caine, this number treating of "American Visits," and among the latter "I Gave Doon the Doone Dune," by Ellis Parker Butler, being "an unwritten chapter from Blackmore's 'Lorna Doone'."

The "Golden West" is a new magazine, published at Waterloo, Ia., with Samuel W. Small, editor, the April number being the first. It contains reviews of politics and sketches of present-day politicians and public men. Among the articles of most interest to our readers are one on Edgar Allan Poe and on "How Far From the South to the White House?" This number contains portraits of the President and members of his Cabinet as well as of other prominent men. The price of the magazine is 10 cents a copy or \$1 a year.

SIMMONS AND THE JUDGESHIP.

While Senator Simmons may not oppose the appointment by President Taft to the Eastern District Judgeship of any of the Democrats whose names have been mentioned, he is not going to assist anyone of them or any other Democrat in getting the position. He has so told the President, according to a Washington dispatch published by the Charlotte Chronicle in which it is said the following conversation recently occurred between the President and Senator Simmons:

"Well, now, Senator," said the President, "I am frank to say to you that if this man is objectionable to you, I will hesitate about appointing him. I am desirous always of consulting you gentlemen from the South in such matters. Since you don't like this man, suppose you suggest a name to me."

"No, sir, Mr. President, never," exclaimed Simmons.

"No! Why not?" asked Taft.

"For this simple reason, Mr. President," was the reply. "If I suggest a man to you and he is appointed, that man will immediately become a Republican, and I do not propose to assist him, in making Republicans out of our good Democrats. During your administration I may frequently protest against some prospective appointee, but never shall I appear to recommend any one to you."

It is said, also, that Senator Frazier, of Tennessee, has refused to furnish the President with a list of names of men in his State he could recommend to him for appointment.

We do not see why a Democrat should not accept an appointment to such an office as a Judgeship from a Republican President who had previously announced that in selecting the man for the position he was going to put party lines aside and select the man he thought best qualified in every way to fill the position. Such appointment is made from a non-partisan standpoint and to a non-political office.

Where the President has the appointment of a commission or of a special court created by act of Congress which specifies that one of the members shall be of different political party from the President making the appointment would Senator Simmons decline to recommend a Democrat to President Taft? It is true the law would require the appointment of a Democrat, but still whatever Democrat the President chose from among the applicants would be under obligations to the Republican President for the appointment.

TO FORTIFY HAWAII.

The Government is going to establish an army post in the Hawaiian Islands that will mean something, and it is well that it should do so, whether or not there is any prospect of a war with Japan in the future, near or remote. Hawaii is the advance post of our Pacific coast. With it unprotected it would in case of war soon become the basis of attack by the enemy on our entire Pacific sea-line. Therefore, if it is to be held by us as an advance post it should be put in condition to be of service in case of war. Not to do so would be foolish policy on the part of the Government. Well fortified and manned, it would be a defense against invasion. Otherwise, it would facilitate such invasion. As to what are the plans of the Government in this matter a Washington dispatch

says that it is the determination of the War Department to make this one of the largest of the army posts. It will accommodate field artillery, cavalry and infantry, in addition to the coast defense garrisons within the fortifications at Pearl Harbor and Honolulu. The plans of the Department contemplate a total expenditure of \$300,000 on this post.

According to the State Board of Health's report for February the death rate in Wilmington was 11.2 per thousand of population against 10.9 in Asheville, 14.2 in Durham, 15.5 in Greensboro, 18.7 in Raleigh. That speaks well for our city which many who are not informed on the subject think is situated in an unhealthy locality, and it shows good attention to sanitation by the city authorities.

The Washington Herald says "the perch season is on." It must think so because of the many North Carolina Democrats seen perched on the White House porch waiting opportunity to get the ear of the President in behalf of some one of the many candidates for the Eastern District Judgeship.

Two more newspapers were started in this State last week. One is at Dobson. This is Dobson's first newspaper and we are sorry to see that it is Republican in politics. The other is the Review, of High Point. Both are weeklies, but the latter will later on, be made a daily. This is evidence of prosperity in those sections.

An exchange remarks that "with Democrats demanding tariff protection and part of the offices under a Republican Administration it won't be long before those of us on the outside will be unable to tell a Democrat from a Republican." Things surely are getting mighty badly mixed.

A speculator can corner the wheat market and run the price skyward by only putting up a sum equal to a very small proportion of the value of the amount he buys, but when a poor fellow wants a barrel of flour he has to plunk down the cash to the full amount of the advanced price.

We are not especially interested in the Judgeship; but we do not want to see Taft allow himself to be ruled to such an extent by the politicians around him as to back down from the positive position heretofore taken that he would not go outside of the district for an appointee.

The Winston Journal hints that the reason so many of the Governors of the original States have declined to attend the Mecklenburg Declaration celebration is because of the number of those States. Is fear of the number "thirteen" so great in this enlightened era?

They are abusing Patten for running up the price of wheat; but it should be remembered that he could not have done it had there not been a lot of others of the "get rich quick" class who were trying to make money out of nothing.

Was Booker Washington offered the Liberia commission and declined, or was his presence in this country considered too necessary to have him go on that mission? Both statements have been made. We wonder which was correct?

If a Republican should get the Judgeship after all some Democrats would always have a sneaking notion that Taft had been making fun of them, and, of course, would never forgive him.

CURRENT COMMENT.

Texas's most flourishing home industry seems to be more profitable than ever. When a few more foreign corporations have been put through the patent Lone Star grinder, the plain and humble citizen will find it unnecessary to pay any taxes.

The biggest Republican fool editor in the country has discovered that the reason cotton has gone up to ten cents is because Taft was elected. He asks his readers to believe that if Bryan had been elected cotton would now be selling at from 6 to 7 cents. There are some fools in North Carolina, but none idiotic enough to believe this absurdity.—News and Observer.

The magazine to which Colonel Roosevelt is a contributing editor evidently considers that it has a jewel of many carats in its last staff addition. In an apology for mentioning that "our editor" had sailed for Africa it declares that the whole world was deeply interested in the event. The magazine in question will doubtless be shocked to see what a bad memory the American people have for "exs."—Savannah News.

Colonel Roosevelt continues his course in contradicting other people, abroad as at home. Gradually, but with certainty, if he travels around the world, every country will have its many members of the Ananias Club. His denial of the particular interview alleged by a Frenchman is hardly certain of acceptance by those Washington newspaper men who have interviewed him for years past in barber's chairs, on horseback, and in nearly every room in the White House, and under all conceivable circumstances. The weight of their opinion will be that the French reporter, if he got within megaphone distance of the

WELL AND
STRONGBy Lydia E. Pinkham's
Vegetable Compound

Bardonia, Ky.—"I suffered from ulceration and other female troubles for a long time. Doctors had failed to help me. Lydia E. Pinkham's Vegetable Compound was recommended, and I decided to try it. It cured my trouble and made me well and strong, so that I can do all my own work." Mrs. JOSEPH HALL, Bardonia, Ky.

Another Woman Cured.
Christiana, Tenn.—"I suffered from the worst form of female trouble so that at times I thought I could not live, and my nerves were in a dreadful condition. Lydia E. Pinkham's Vegetable Compound cured me, and made me feel like a different woman. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold to suffering women."—Mrs. MARY WOOD, R.F.D. 3.

If you belong to that countless army of women who suffer from some form of female ills, don't hesitate to try Lydia E. Pinkham's Vegetable Compound, made from roots and herbs.

For thirty years this famous remedy has been the standard for all forms of female ills, and has cured thousands of women who have been troubled with such ailments as displacements, fibroid tumors, ulceration, inflammation, irregularities, backache, and nervous prostration.

If you want special advice write for it to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

ex-President, interviewed him.—Index Appeal.

The enormous expenditures which are the rule with all the principal nations on the globe for military and naval armaments have driven the various Governments to load their people with taxation. It has become a serious problem how to raise the requisite money without driving the people to desperation, and a tariff on foreign goods seems to be the goal to which all are tending, not excepting England, the famous free trade nation. In our own country there was a loud demand for revising the tariff downward, but it has been made manifest that it has got to be raised upward to provide for an already large and inevitably increasing deficiency in the revenue. That is what every nation realizes today.—New Orleans Picayune.

TWINKLINGS

"Don't you," queried the youth, "think a little of me?" "Yes, indeed, Mr. Sapleigh, very little," said she.—Illustrated Bits.

"She—I hear she is very angry at him. He—I presume so. The last time I saw her she was up in arms against him.—Stanford University Chapparral.

"Teacher—Tommy, you should have known better than to fight with that Williams boy! Tommy—I know, ma'am; but I thought I could lick him.—Daily Mail.

"Do you think you can manage with my salary of \$12 a week darling?" he asked after she had said yes. "I'll try, Jack," replied she; "but what will you do?"—Universalist Leader.

"What is this commotion at the depot?" "The populace has assembled to greet a professor." "Oh! I thought maybe it was to welcome some prize fighter."—Louisville Courier-Journal.

"Why do you prefer Italian grand opera singers?" "Because," answered the impresario, "not understanding their language, I don't have to pay so much attention to them when they get quarrelsome."—Washington Star.

"Squire—I never realized what a little fellow Muggins is until last night. Vicar—And how did it happen to occur to you then? Squire—I overheard a woman say that he was every inch a gentleman.—Pick-Me-Up.

"Socialist—My friend, don't you know that the industrial commonwealth will lift you out of your degradation? Hungry Henry—Perhaps so; but say, boss, if it's all the same to you, I'll take a chance with a cup of coffee and a frankfurter sandwich.—Judge.

"Senator," asked the innocent young thing, "do you value your office for the salary it pays?" "My dear young lady," replied the statesman, "I value my office for the salary it enables me to draw from one of four greatest industrial corporations."—Chicago Herald.

DEVOTION TO DUTY

Cause of Death of Chief Engineer of Florida East Coast.

(By Wire to the Morning Star.) Miami, Fla., April 20.—Chief Engineer J. C. Meredith, of the Florida East Coast Railway extension, died suddenly here today of diabetes. Mr. Meredith's death was the result of devotion to duty. Several months ago when advised by physicians to take a trip to Europe he refused, saying he expected to remain on the job until the East Coast extension was completed. Last Saturday afternoon he was violently ill and today he was brought from Marathon, Fla., the base of operations of the railway work.

Mr. Meredith had been on the extension work since the Spring of 1905, when he was brought from the construction of the Mexican Central to Florida to engineer the difficult task of laying a line of cement and steel across inaccessible keys, treacherous marshes and spear stretches of open water of the Gulf of Mexico and Atlantic ocean.

LYNCHING NARROWLY AVERTED.

Officers Hurried White Man From Memphis to Bartlett.

(By Wire to the Morning Star.) Memphis, Tenn., April 20.—A speedy run to Bartlett, Tenn., ten miles from Memphis, by Sheriff Monteverde and several deputies in an automobile and another quick trip back to this city with Hardiman F. Deeson, who shot and probably fatally wounded his former wife, Bessie Ellis Deeson, today put an end to a demonstration which for a time threatened to develop into a lynching.

The shooting of Mrs. Deeson occurred at her home at Bartlett and was a sequel to domestic troubles of a year ago, which at the time brought about a shooting affray in which the man was shot and seriously wounded by the woman after he had fired a fusillade at the house in which she had taken quarters. Some months ago Mrs. Deeson was granted a divorce.

Does it sound sensational to declare that American law, to a very large extent, makes for injustice? The facts are as sensational as the sound. The American Bar Association has admitted it; leading judges have admitted it; and President Taft once framed a pointed amendment that no judgment, civil or criminal, should be set aside unless it appeared affirmatively that the error of the complaint had resulted in miscarriage of justice. Americans often mourn about lynch law. Not always do they take into account the part played by the law's delay in encouraging rough attempts at justice. In England procedure is swift and punishment follows with certainty. For seventy-five years, in England, Ireland, Scotland, and the British Colonies all over the world, there has not been one case of lynching. We have recently pointed out that the lawyers succeed in beating simplification in Montana. In an admirable article in the "Kansas City Bar Monthly" for March, Professor John D. Lawson, of the University of Missouri, recalls the fact that when the Missouri Legislature passed a law simplifying procedure the Supreme Court of that State upset it. Judge Lawson believes that our civil procedure is immeasurably behind the age, and that in criminal procedure we have not advanced a step since the days of Queen Elizabeth. Collier's Weekly.

The News and Observer quotes John D. Rockefeller as saying "in his latest installment" that "the man who starts out simply with the idea of getting rich won't succeed; you must have a large ambition. There is no mystery in business success." Certainly there is none in the success of the Rockefeller brand now but time has been when all the power the courts could invoke was unable to open the lips of the Standard Oil parson and his knowing associates. "It is rather tiresome," comments the Raleigh contemporary to hear men who spent all the earlier years of their life driving competition out of business and getting rich by riding roughshod over the prostrate bodies of their fellows, assume to preach to the younger generation without public repentance. It is more than rather, it is very tiresome.—Salisbury Post.

 ored insane at Goldsboro.

—There can be no doubt that Wil-
 mington possesses the most remark-
 able climate in the State. Mr. Thos. E.
 Davis has growing at his residence,
 No. 213 North Seventh street, this city,
 a patch of corn in his yard, which is
 already tasselling. This is quite early
 and is the secret of the mammoth
 trucking industry throughout this sec-
 tion.

Reception at the High School.

 evening in the auditorium of the build-
 ing. The affair promises to be an
 elaborate and most delightful one for
 all who attend.

NO JURORS SECURED.

No Progress Made Yesterday in the
 Hains Murder Case.

(By Wire to the Morning Star.)
 Flushing, L. I., April 12.—A special
 panel of 150 talesmen was exhausted
 today without getting a single addi-
 tional juror in the trial of Captain
 Peter C. Hains, Jr., for the murder of
 William E. Annis. Practically all those
 examined have developed such "rob-
 ust" opinions in regard to the de-
 fendant's guilt of innocence that they
 were excused.

Several of the prospective jurors ex-
 pressed the opinion that they could
 not conscientiously vote to convict the
 defendant as they believed that he was
 morally right in killing Annis if the
 latter had invaded the home of Cap-
 tain Hains and been guilty of wrong-
 ful relations with his wife. A number
 declared that there was a higher law
 governing such cases than the State
 law.

There are but five men in the jury
 box.

ANOTHER BOY KIDNAPPED.

Twelve-Year-Old Boy Taken and Money
 Demanded From His Mother.
 (By Wire to the Morning Star.)
 Cincinnati, O., April 21.—Leo Mu-
 thern, the 12-year-old son of Mrs. John
 Muthern, is missing, following the re-
 ceipt by his mother of two letters
 threatening to kidnap the boy.

This afternoon Mrs. Muthern receiv-
 ed a third letter saying that the boy
 had been kidnapped and that he would
 not be returned to his home until she
 deposited the money at the place de-
 signated in the former letters.

A DERELICT SIGHTED.

Second Report of the Drifting Schooner
 Elvira Ball.

(By Wire to the Morning Star.)
 Norfolk, Va., April 21.—Captain
 Smith, of the British steamship Adric,
 reports having sighted the derelict
 schooner Elvira Ball on April 3rd,
 in latitude 41:47, longitude 46:49. The
 Ball was abandoned waterlogged 15
 miles off Cape Henry several months
 ago. Captain Smith reported the decks
 of the Ball awash, with her foremast
 standing. On March 15th the report
 was filed here that a boat's crew from
 the British steamship Civic had board-
 ed the derelict Ball and set fire to her
 in latitude 40:46, longitude 54:58.

President Taft yesterday declined
 the invitation to visit Norfolk on the
 occasion of his trip to Petersburg and
 Charlotte the latter part of May. The
 invitation was extended by the com-
 mittee of citizens of Norfolk.

WANTED: 50 MEN AND WOMEN

J. Hicks Bunting Drug Co., the enter-
 prising druggists, are advertising
 today for fifty men and women to take
 advantage of the special half price
 offer they are making on Dr. Howard's
 celebrated specific for the cure of con-
 stipation and dyspepsia and get a fifty
 cent package at half price, 25 cents.

So positive are they of the remark-
 able power of this specific to cure these
 diseases, as well as sick headaches
 and liver troubles, that they agree to
 refund the money to any customer
 whom this medicine does not quickly
 relieve and cure.

With Dr. Howard's specific at hand,
 you can eat what you want and have
 no fear of ill consequences. It streng-
 thens the stomach, gives perfect di-
 gestion, regulates the bowels, creates
 an appetite, and makes life worth the
 living.

This is an unusual opportunity to
 obtain 60 doses of the best medicine
 ever made for half its regular price,
 with the personal guarantee of a well
 known business firm to refund the
 money if it does not give satisfaction.
 If you cannot call at J. Hicks Bunt-
 ing Drug Co.'s store today, send them
 25 cents by mail and they will send
 you a package promptly, charges paid.

Great! Great! Great! We have
 heard her rehearsing. Don't miss the
 Colombati d'Acugna recital tonight.

I just looked at the prizes for the
 Foresters' entertainment, at George
 Honnet's Jewelry store. Why not
 secure your ticket. Only 25 cents.

The Theatre

A swell bill and fine weather have
 so far made a big combination for
 pleasure and business at the Crystal
 Palace. Today a change of programme
 goes on and it is promised that the
 change will be as pleasing as the bill
 that closed last night. There will still
 be five acts on the boards and each of
 the five will be most attractive. This
 week's bill is the largest the Palace
 has ever presented and but for the
 weather having been good so far the
 Palace management would come out
 minus this week the salary list, which
 is large. The first of the new pro-
 gramme will be presented at matinee
 this afternoon.

Thrilling Drama at the Bijou.

The feature film at the Bijou this
 afternoon and evening will be "A Tale
 of the West," a story graphically told,
 the action and photography being of
 the highest order. A young man of
 Eastern parentage who turns horse
 thief to minister to the wants of an
 aged mother back home, the devotion
 of a beautiful young girl of the plains,
 stern justice tempered with mercy
 and forgiveness all make up a story of
 heart interest that is irresistible. In
 addition to this one there will be two
 and perhaps three other fine subjects.

At the Popular LeGrand.

The LeGrand will offer for after-
 noon and evening today, "In the Day
 of Witchcraft," a beautiful drama,
 "The Master of Black Rock" and
 "Charlie Forced to Find a Job." All
 are new subjects and should please
 LeGrand patrons greatly. There will
 also be a beautiful illustrated song.

PROSPECT NOT SO GOOD

Rocky Point Berry Growers Not so
 Pleased With Outlook For Crop.

(Special Star Correspondence.)
 Rocky Point, N. C., April 20.—Two
 hundred and fifty crates were today's
 shipments of berries from this point.
 A few fancy Heflings went off this
 morning from the "neck" near Riley's
 Creek Church, R. F. D. No. 2; hauled
 seven miles. The farmers in this
 section read the Progressive Farmer
 carefully and thoughtfully and get up
 in the morning and farm according to
 its teachings, raise their hog, hominy,
 taters, board at home and raise ber-
 ries and cotton as surplus money
 crops; their credit is good. Verily
 they are solid.

The average farmer on the "Point"
 depends on strawberries, beans, cu-
 cumbers, potatoes and truck generally,
 has his barn out West, ditto his
 smokehouse. Your scribe got the
 views of a few of the growers this
 morning as follows: Mr. T. J. Arm-
 strong, a large grower of strawberries,
 states that he can't see to save him
 why these newspaper fellows that
 don't know a pistillah from a straw-
 berry can write such awful rot about
 broncho busting and record breaking
 crops when the truth would do just
 as well. Mr. T. J. Brown, another
 successful grower of berries, states
 that he picked yesterday from three
 acres only seven crates of berries—a
 record breaker out of the small end of
 the horn. Mr. Jacob Futch, the king
 berry grower, has ten acres that he
 wouldn't last year have swapped for
 the best ten acres of the next world,
 that he threatens to plow up. Indeed
 he is "low down in the mouth" and
 wouldn't refuse any reasonable offer
 for the plot. Mr. W. A. Brown states
 that his berries are few and far be-
 tween, red on top, rotten on the bot-
 tom. Mr. R. S. Futch, another large
 grower, thinks you must not expect to
 pluck gold dollars from every bush
 every season and says he will try
 them again. Mr. H. B. Bloodworth,
 who has just given up a government
 job for berry culture thinks he has
 swapped the devil for the witch and
 would wear a long face if it were not
 so round. He has distant hopes on
 beans, cukes and potatoes. Mr. W. W.
 Pearsall like Colonel Mulberry Sellers,
 sees "millions" in berries and is yet
 not faint hearted because—why, he
 has beans, cabbage, peas, potatoes, to
 fall back on and he is also a truck
 broker—commission agent—gets a
 rake off on the other fellows' beans,
 cukes, cants, pots and grass. E. D. P.

Petition in Bankruptcy.
 B. F. McLean, Esq., counsel for the
 required number of creditors has filed
 a petition in the Federal Court here,
 asking that J. W. Davis, general mer-
 chant of Maxton, be adjudged an in-
 voluntary bankrupt. An answer is to
 be made by April 29th and if the pe-
 tition is granted, the case will go to
 Referee Geo. H. Howell, of this city.

BUILDING RAIL OUTLET.

Town Creek Lumber Company Extend-
 ing Its Operations For Spring.

It is learned that within the past
 week the Town Creek Lumber Com-
 pany, operating a large mill at Town
 Creek, Brunswick county, has put a
 force of hands at work building the
 trestle work over Sturgeon's Creek
 for the extension of the railroad re-
 cently started from Navassa toward
 Southport. The distance from Navas-
 sa to Town Creek is 10 miles and it is
 stated that two miles of the road from
 Navassa to Sturgeon's Creek has al-
 ready been laid with 50-lb. rail while
 the road bed is graded practically to
 the mill at Town Creek. The com-
 pany owns 30 acres of land on deep wa-
 ter at Navassa and it is said that the
 new road is for reaching the port
 there with its product from the mill.
 It is 13 miles from Town Creek to
 Southport and it is said that the road
 will ultimately be built to that point
 as the timber holdings of the company
 extend in that direction.

Men of large capital are interested
 including John F. McNair, of Laurin-
 burg; A. J. McKinnon, of Maxton; M.
 McKinnon, of Red Springs; R. F. De-
 vane, of Red Springs; Oscar Pearsall
 and Z. W. Whitehead, of Wilmington.

Was Hurt in an Affray.

On two charges for assault and as-
 sault and battery with a deadly weap-
 on, Louza Jordan, was arrested Tues-
 day night by Deputy Sheriff Piver and
 the cases against him were investigat-
 ed before 'Squire McD. Evans yester-
 day afternoon. Maze Monroe, in the lat-
 ter case, alleged that Jordan struck
 him with a stick and injured his
 shoulder. 'Squire Evans sent the de-
 adly weapon case over to the Recorder
 for trial today and disposed of the
 other. The negro was placed in jail
 to await trial.

BASE BALL

Rain in the North again yesterday prevented nearly all the games in the big leagues yesterday. St. Louis and Cincinnati being the exception in the National and Boston Philadelphia in the American, the home teams winning in each instance.

Acting President John Heydler, of the Nationals, announced by telegraph last night that postponed games would be played off New York and Brooklyn on the Polo grounds June 28th. New York and Philadelphia in New York May 28th; Chicago and Pittsburgh in Chicago May 2nd and St. Louis in Cincinnati on May 29th, a doubleheader in each case to get rid of the postponements.

Both the Virginia and Carolina Leagues will get into action today. Virginia with Danville in Richmond. Portsmouth in Norfolk and Roanoke in Lynchburg, while the Carolinas will get busy with Anderson at Charlotte. Winston at Greensboro and Greenville at Spartanburg. All the teams are reported in good condition and the outlook for the season unusually bright.

Davidson Defeats A. & M.
Raleigh, N. C., April 21.—The A. & M. met defeat this afternoon at the hands of Davidson College. The game was especially fine running fourteen innings, score 3 to 2. The Farmers tied the score in the ninth and had several fine opportunities to score in subsequent innings but failed to get hits at critical times. The star feature of the game was the work of Clark in the box for Davidson. Score: Davidson, 3; A. & M., 2. Batters: Davidson, Clark and Boule. A. & M., Sexton and Cowell.

Oak Ridge and Bingham.
Oak Ridge, N. C., April 21.—In the hardest fought game ever seen here Oak Ridge defeated Bingham, of Asheville, today by a score of three to nothing. Mayberry signalled the event by hitting his sixth home run of the season. Cowell and Holt in the points for Oak Ridge and Holland and Speer for Bingham. Strike outs Cowell 12, Holland 11. Cabell Cook umpired a satisfactory game. The team play at Burlington tomorrow. Score: Oak Ridge, 3; Bingham, 0.

National League.
Cincinnati, April 21.—In a game filled with errors St. Louis today defeated Cincinnati 9 to 6 on a wet field. Bases on balls early in the game proved costly for the locals. Score: St. Louis, 9; Cincinnati, 6. Batters: Cincinnati, Rhodes, Beede and Bresnahan; Dubec, Karger, Ragon, Gasper and Roth. Time 2:15. Umpires O'Day and Enslie.

American League.
Boston, April 21.—The local American League season opened today, Boston scoring a victory over Philadelphia 6 to 2. The visitors played a ragged game to the field and could not hit Chech when there were men on bases. Boston showed great speed. There was a sensational triple steal by Lord, Speaker and Gossler, Lord scoring. Besides Lieutenant Governor Louis A. Frothingham, who threw out the first ball, Governor Eben S. Draper and former Governor Curtis Guild, Jr., were present. Score: Boston, 6; Philadelphia, 2. Batters: Philadelphia, Chech and Spencer; Plank, Schlitz and Lapp. Umpires Egan and Connolly. Time 1:52.

Southern League.

EDUCATIONAL CONFERENCE.

Dr. John C. Kilgo Responded to Welcome Address of Gov. Swanson. (By Wire to the Morning Star.)
Richmond, Va., April 21.—The Educational Conference of the Methodist Episcopal church, South, was opened here this evening. Governor Claude A. Swanson delivering the welcoming address, which was responded to by the Rev. John C. Kilgo, D. D., president of Trinity College, Durham, N. C. The attendance was large and Broad Street Methodist church was crowded when the meeting was called to order.

The principal address of the evening was delivered by Charles Wardell Stiles, Ph. D., chief of the division of Zoology, United States Public Health and Marine Hospital Service, of Washington, D. C.

Manager Gwaltney completed a deal yesterday with Charles T. Bland, owner of the Portsmouth, Va., Club, by which he gets the services of Pitcher Lowe, of that club. The purchase money has been sent and Lowe is on his way to Wilmington. The sporting editor of the Ledger-Dispatch says that Lowe is the equal of any pitcher on Bland's staff and this ought to be good news to local fans.

Tickets have been sent to all the Sailor men and they will begin arriving in port singly and in bunches during next week. Lowe will be the first of the team of 1909 to report and will be seen Saturday afternoon in the game against a picked team from the Army league at Fort Caswell. Bert Kite will catch and the game should draw a large audience.

Manager Charles Morse, of the Fayetteville team, is expected to report tomorrow and seventeen men who have been signed are expected on Monday, the 26th. From the 17 men a process of elimination will determine the Highlander team. The Fayetteville Observer says that at all the home games the players will wear white suits with black caps, belts and stockings. Winston, of the Carolina Association, has sold Catcher Patrick Moran to Wilson in the Eastern Carolina League. Moran is said to be an unusual good player, being a hard worker and withal a good fellow and will make a hit with the Tobacco fans. Winston has also sold to Raleigh Art Brotherton, who has already reported. It was not on account of Brotherton's inability to make good with the Twins that he was shifted to Raleigh but on account of a surplus of good infielders. McManus, an infielder, and Murray, a southpaw from Jacksonville, Fla., has also joined Manager Crozier's flock of Red Birds at the capital. Another pitcher with a rep. in the Southern League is also said to have been captured by Crozier.

The Voyder.
The voyder was a large dish in which were collected the broken victuals which were removed from the table with a large knife with a broad, flat blade, called the voyder knife, from vider, to empty, clear or make void.

"The Boko of Nurture," by Hugh Rhodes, the date of which is 1577, one of the curious set of handbooks of manners and etiquette reproduced by the Early English Text society, speaks of these vessels as follows: "See ye have voyders ready for to void the morsels that they doe leave on their trenchers. Then with your trencher knife take off such fragments and put them in your voyder and then sette them downe cleane agayne." Few silver ones remain, but some large brass voyders or dishes which have probably been so used may still be seen, of the history of which nothing is known by their present owners—"Old English Plate," by W. J. Cripps.

Types of Female Beauty.
In northern Europe, among the Teutonic races, there are distinct types of beauty to be met with in Sweden, Poland, Saxony and Austria. The Swedish type, however, lacks animation, but the mold and figure to some extent atone for this, says the London Globe. The Austrian women possess a composite beauty in which are united the charms of three or four races. Vienna ladies are tall and stately, with great harmony and proportion in feature and figure. The Tyrolean maiden often lacks a good figure, but her face and manner possess all that is most bewitching in the two races of which she is composed, Latin and Germanic.

At a Studio Tea.
She put down her cup and rose. "Thanks awfully," she said, "for letting me see your academy picture, Mr. Brush—and goodbye." He accompanied her gallantly to the door. "And are you going to see Black's academy picture over the way now?" he inquired. She gave him her brightest smile. "Oh, no," she said sweetly. "I shall see that at the academy, you know."

Happy Women

Plenty of Them in Wilmington, and Good Reason for It.

Wouldn't any woman be happy, After years of backache suffering, Days of misery, nights of unrest, The distress of urinary troubles, She finds relief and cure?

No reason why any Wilmington reader should suffer in the race of evidence like this: Miss Mattie Hodges, 609 South Fifth street, Wilmington, N. C., says: "Since using Doan's Kidney Pills I have felt better in every way and am pleased to add my testimonial to the many already given in favor of this remedy. I had kidney trouble for years. My back ached most of the time and when I stooped or lifted, sharp pains caught me across my loins. I had no strength or energy and was also bothered by a kidney weakness. I used only one box of Doan's Kidney Pills, procured from Robert R. Bellamy's drug store and they disposed of the backache, strengthened the kidneys and gave me renewed strength."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Slim Women of Hungary.

The women of Hungary regard a small waist as the greatest possible beauty, and they will endure anything in order to put on an appearance of being small waisted. Tight lacing is carried on to an extraordinary extent, and the waist is compressed by force until one would think that the owner could hardly breathe. Yet in this confined state the women will plunge into the wildest of Hungarian dances, known as the czardas, and prance frantically like ballet dancers until at the end they sink, gasping, exhausted and well nigh suffocated, on a sofa. As they grow older most of these slim beauties become enormously stout, and then they are regarded as quite old. The Hungarians, though they resemble the Turks in many ways, have not the Turkish admiration for fat women or the English admiration for elderly made up belles. Hungary is a land of slim young women, and when they lose their figure they lose their attractiveness and their power.—Modern Society.

"Times is Changed."
"Yes, siree, Bill; times is changed since you an' me was doin' our courtin'." said Adoniram Clover, with a note of sadness in his voice, to old Andy Clover, who had come over to "set a spell."

"When we was doin' our courtin', Andy, a gal thought she was bein' treated right handsome if a feller bought her 10 cents' worth of peppermints once in a while, an' if he tuk her for any doin's in town she didn't expect him to go down into his jeans to the tune of a dollar or two for ice cream an' soda water an' candy at fo'ty cents a paund. My son Si tuk his ducky-daddy to the band concert in town yistaday, an' there wa'n't a quarter left of a dollar bill he struck me fer time he got home. Beats all the way young folks throw the money away nowadays. I tell ye times is changed mightily since we was boys, an' the Lawd only knows what the end will be with a feller layin' out 75 cents on a gal in one day!"—St. Louis Republic.

The Innocent Young Thing.
The manufacturer of a moving picture machine was explaining to a group of acquaintances how he had obtained a series of pictures showing a celebrated massacre that had once taken place at a western army post in the days when Indian warfare was a horrible reality instead of an exhibit on a Broadway stage.

"The commander of the post," he said, "had a detachment of soldiers and another of Indians re-enact the scene for us, dressed exactly as in the old days, so our machines could secure every detail—the onslaught of the Indians, the defense by the white soldiers, their massacre and the destruction of the fort."

"It may be very interesting," said the kindly citizen, "but I should not care to see it in even a picture."

The sweet young thing listened with wide eyes.

"And did they really kill the white soldiers for you?" she asked, breathless.—New York Press.

A British Blunder.
There is an old story of the foreign office in connection with the small French colony of Chandernagore. This tiny possession is situated on the Hooghly, twenty-one miles from Calcutta. It extends two miles along the river and one and a half miles inland from it. During our wars with France the settlement was taken and added to our dependency, but when terms of peace were arranged our minister of foreign affairs, in total ignorance of its position and of the importance of its retention, agreed to its being restored to France. It turned out that he thought it was a small island in the West Indies and of no consequence.—Westminster Gazette.

DIETING DOES NOT

CURE INDIGESTION

Self Denial by Prescribed Rules of Health Used to be Considered a Cure.

Starvation is a strange remedy for any disease. Yet, starvation by rigorous diet was once generally resorted to in cases of indigestion and Dyspepsia. Even yet, it is sometimes tried. Such a remedy is worse than useless. Every day of life consumes a portion of the tissues of the human body. The food we eat serves to repair the waste, and you can't build up the system by withholding the material necessary for these purposes. When you have Dyspepsia or indigestion, or any form of stomach trouble, take a little Kodol to help the stomach do its work.

We say, take Kodol, because it is the only preparation that will digest all the food you eat. Every tablespoonful of Kodol digests 2-4 pounds of food. It supplies the same digestive juices that are found in a healthy, vigorous stomach. There are other preparations that are partial digesters, but what your stomach needs is complete rest. Kodol is the only preparation that will give it. A man is so constituted that he needs a variety of foods; to reduce the variety always produces bad results. In 99 cases out of 100 indigestion is due to lack of some of the elements which constitute the natural digestive juices. Kodol supplies just what is needed. Our Guarantee: Get a dollar bottle of Kodol. If you are not benefitted—the druggist will at once return your money. Don't hesitate; any druggist will sell you Kodol on these terms. The dollar bottle contains 2-4 times as much as the 50c bottle. Kodol is prepared in the laboratories of E. C. DeWitt & Co., Chicago.

Swept Over Niagara.
This terrible calamity often happens because a careless boatman ignores the river's warnings—growing ripples and faster current—Nature's warnings are kind. That dull pain or ache in the back warns you the Kidneys need attention if you would escape fatal maladies—Dropsy, Diabetes or Bright's disease. Take Electric Bitters at once and see Backache fly and all your best feelings return. "After long suffering from weak kidneys and lame back, one \$1.00 bottle wholly cured me," writes J. R. Blankenship, of Belk, Tenn. Only 50c at R. R. Bellamy's.

Mme. Colombati has arrived with the same beautiful voice and charming personality. Don't miss the recital tonight.

SPIRITS TURPENTINE

—Wadesboro Ansonian: The tallest man in this section is John Nelson, now of Chesterfield, but late of this county. John is six feet and ten inches and wears a number 15 shoe. He is not fat but tips the beam at 220. The water tank didn't look so high while he was in town.

—Winston Sentinel: Charlotte has five up-to-date hospitals; Durham has one of the best in the entire country; Greensboro has two; Wilmington is well supplied in this respect. Winston-Salem has a hospital that has done a great work in the face of big disadvantages.

—China Grove Record: The Cannon Manufacturing Company has completed the annexes to the mills at Kanapolis. One room is 125x160 feet, and is to be filled with looms, and another room, 40x75 feet, is to be used as a slasher room. All the machinery will be of the most modern pattern.

—The Robesonian: Mr. J. T. Barker, of Lumberton, is a candidate for the position of inspector of oils for this district, one inspector having been provided for by the last Legislature for each Congressional District. Mr. Barker's application has been endorsed by a large number of prominent citizens.

—Salisbury, April 20.—James, a 4-year-old son of Mr. and Mrs. C. J. Karker, was burned to death in a barn at the farm home near Salisbury yesterday afternoon. The barn was discovered on fire and the family rushed to the scene when to their horror the charred body of the boy fell from the loft, burned beyond recognition. It is believed the lad carried matches to the hay loft and set fire to his own death trap and could not escape from the flames.

—Asheville Citizen: The report of the passenger traffic agent in this city shows that the passenger traffic was unusually heavy last week. While the traffic has not been congested at the station yet there has been much extra work in all departments connected with the handling of passengers and baggage. There are an unusual number of people this year who are stopping over in Asheville en route for the North from Southern resorts. On several of the trains extra Pullmans were added to accommodate winter visitors in the city. Twice this week a Pullman has been added to No. 11 for Cincinnati.

—Exchange: The Elizabeth City Gas Company, which was recently granted a franchise to erect and operate a gas plant in the Pasquotank metropolis is in serious trouble. It seems that the company bought a tract of land for the purpose of erecting its plant, which while suiting the aforesaid company to a nicety, happened also to lie in the heart of the town, and immediately in front of the First Methodist church and parsonage. Ex-Senator Roscoe W. Turner, himself a steward of the church, has been retained by the objectors and he is absolutely frank in his statement that "there shall be no gas plant in that locality."

Newbern Journal: The announcement that J. J. Baxter had made an assignment yesterday, came as a shock both in the business circles and to his many friends in the city. The amount of liabilities is not known at this writing, neither is that of the assets. Mr. Baxter filed a deed of trust in the Register of Deeds' office naming J. J. Wolfenden trustees, surrendering his entire property, real and personal to satisfy the claims of creditors. Mr. Baxter has been in the mercantile business here for upwards of twenty years and has built up one of the largest dry goods stores in this whole section having a liberal patronage extending over several counties. Short crops and poor collections are entirely responsible for the failure.

—Asheville Citizen: The statement in the pulpit of one of the city churches in the course of a "law and order" sermon yesterday in effect, put Mayor Campbell in the position of declaring to a delegation from the Minister's Association that the people would not stand by the city administration in an effort to suppress the illicit sale of liquor. When called up by 'phone last night Mayor Campbell in regard to this interview with the ministers, said: "The statement attributed to me that public sentiment would not uphold the city administration in trying to, strictly enforce the law was evidently the result of a misunderstanding. I did say, having in mind the meeting, which the ministers informed me they were going to call, that public sentiment is a very strong factor in the enforcement of all laws, but I did not intend to leave the impression that there was a lack of public sentiment as regards prohibition in our city."

—Wadesboro Ansonian: Barnum was right, people do like to be buncoed. The latest to a good business, unless perhaps some fellow is swiftly playing the trade at the present moment, was one Johnson who secured a team from Sikes Bros., at Monroe Monday of last week. He traveled over a large part of Union county and also some of South Carolina, claiming to be agent for all kinds of farm machinery, pianos, organs and anything people could possibly mention. He arrived here Thursday night at a very late hour, telling the driver that he would meet him at the Wadesboro Live Stock Co.'s stables early Friday morning. That was the last seen of him and the driver took the team back to Monroe. Before leaving, he stated that the fellow had gathered up several hundred dollars during the rounds collecting five, ten and sometimes twenty dollars for a wagon or other articles which he promised to ship. He got a hundred dollars or more from some Brewer negroes in South Carolina, promising to ship them an organ, wagon, top buggy, mowing machine, etc. It does seem that people would learn after awhile, that the home merchant only wants an honest living and that competition will, in nearly every case, keep down prices to the lowest level.

Danderine

GROWS HAIR
and we can
PROVE IT!

A lady from Minnesota writes:
"As a result of using Danderine, my hair is close to five feet in length."

Beautiful Hair at Small Cost

HAIR troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, the scalp in which the hair grows must receive the attention if you are to expect it to grow and become more beautiful.

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment; when baldness occurs the scalp has simply lost all its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions.)

The natural thing to do in either case, is to feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Knowlton's Danderine has a most wonderful effect upon the hair glands and tissues of the scalp. It is the only remedy for the hair ever discovered that is similar to the natural hair foods or liquids of the scalp.

It penetrates the pores quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One 25-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself.

NOW at all druggists in three sizes,
25c, 50c and \$1.00 per bottle.

FREE To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the
KNOWLTON DANDERINE CO., CHICAGO, ILL.,
with their name and address and 10c in silver or stamps to pay postage.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, April 21.—The cotton market ruled nervous and irregular today with prices losing a large part of yesterday's advance, the close being barely steady at a net decline of 12 to 14 points. The market opened easy at a decline of 9 to 13 points and sold 12 to 14 points net lower during the first few minutes under heavy realizing and local bear pressure.

Selling was encouraged by weak cables and reports of rain in Texas, but during the early trading Liverpool was a buyer. There seemed to be a good demand from Chicago sources, and with some support from leading spot interests prices rallied during the middle of the morning and at one time were within 2 or 3 points of last night's close. This improvement was lost later in the day, however, and the market reached the lowest point in the last few minutes, with the close only a point or two up from the lowest on the old crop months, and at the bottom on later positions. The bulls were inclined to argue that the precipitation in Texas was insufficient but the rains, if light, were more or less general and some said that they had caused a withdrawal of spot buyers during the afternoon.

Spot news was somewhat conflicting, but generally speaking an impression was created that offerings are more liberal at the advance and that trade demand is somewhat less urgent following the large business reported during the first half of the month. The Southern markets officially reported, were unchanged to 1-8c higher. The Western belt forecast was for clearing weather and frost probable tonight in northern portions. The detailed weather bulletin showed precipitation at 35 points in Texas, ranging from a trace to .32 inch.

Receipts at the ports today were 21,559 bales, against 29,848 last week and 9,749 last year; for the week 135,000 bales, against 118,960 last week and 58,757 last year. Today's receipts at New Orleans were 6,378 bales, against 5,457 last year, and at Houston 2,120 bales against 1,415 last year.

Spot cotton quiet; middling uplands 10.80; middling gulf 11.05; sales 124 bales. Futures opened easy and closed barely steady.

A Sensible Person.

An old Scottish lady during her last illness was assiduously attended by a physician, to whom she invariably gave a guinea when he came to see her.

He told the friends with whom she lived that her death would probably be very sudden, and one day when she seemed to have become unconscious the doctor was hastily sent for.

On his arrival he found that his patient had ceased to exist, and, taking hold of her right hand, which was closed, but not rigid, he calmly extracted from it the customary fee, remarking as he did so to the attendant friends, "Sensible to the last!"

ASKS NEW TRIAL FOR COOPERS

Judge Hart Heard The Argument of Attorneys For Defense Yesterday.

CLAIM THAT COURT ERRED

In Refusing to Instruct the Jury on Self-Defense—Judge Anderson and General Washington Spoke—State Today.

(By Wire to the Morning Star.) Nashville, Tenn., April 21.—Arguments for a new trial in the Cooper case began today before Judge William H. Hart. The defendants, Colonel D. B. Cooper and his son, Robin J. Cooper, who were found guilty of the murder of former United States Senator E. W. Carmack, and were given 20 years imprisonment, were in excellent spirits and held an impromptu reception before the sheriff opened court.

The defendants were represented by Judge Anderson, General Washington, A. G. Ewing, Jr., and General Meeks. Attorney General McCann, Capt. Fitzhugh and General Gaines appeared for the State.

Judge Anderson added a new assignment in error to the 46 included in the motion—that the court erred in refusing an instruction on self-defense, required by the defense.

General Washington opened for the defense. He argued at length that Robin Cooper could not have been guilty of murder as he had not been on consultation with his father; had not read the offending editorial, had not even lived with his father for years, and went along that day merely to protect his parent. Washington then denounced the States Attorney's arguments.

He maintained that the jury should have been instructed that if Robin's intentions in crossing the street were peaceful he had a right to defend himself when attacked and made the declaration that "even if Colonel Cooper went across the street to kill Carmack as the State contends he did, there was no evidence to show that Robin knew anything of such a purpose."

General Washington was followed briefly by Attorney General Garner for the State. Judge Anderson then took up the argument for the defense. That the court by its instructions, practically commanded the jury to convict, Colonel and Robin Cooper was the contention of Judge Anderson.

"The court, in its instructions," said Anderson, "declares in effect that the Coopers had a right to cross the street and seek Carmack, but that they crossed that street at their peril and that if they went across, prepared to use force against Carmack if he resisted their demands, they were debarred from pleading the right of self-defense."

"That is what you charged, your honor, and we believe it is error."

Judge Anderson concluded at 4 P. M., at which time court adjourned until 9 A. M. tomorrow.

The State will make brief arguments tomorrow and Judge Hart will then take the motion under advisement.

BEECH HARGIS TRIAL.

Alleged Plot is Unearthed—Venire From Adjoining County.

(By Wire to the Morning Star.) Irvine, Ky., April 21.—The first excitement in the second trial of Beech Hargis, charged with the murder of his father, Judge James Hargis, came today when Judge Adams announced from the bench that he had been informed by the jury commissioners that they had been given a list of 150 names by a wealthy man, who lives in Irvine, and who is known as an ardent supporter of the defendant.

The motives of this man whose name was withheld were said to be questionable. The commonwealth attorney asked that the sheriff be sent to the adjoining county of Madison to secure a venire of 100 men, and this motion was granted by the court.

A telegram from United States Senator Bradley says he will soon be present to lead the defense.

NIAGARA ICE JAMMED

Property Owners Along Banks of River Panic Stricken.

(By Wire to the Morning Star.) Lewiston, N. Y., April 21.—The great ice jam still seals the waters of the lower Niagara river. In 24 hours the Ponderous mass has not moved forward a hair's breadth.

Residents and property owners all along the banks from Queenston to Lake Ontario are panic stricken, fearing not so much a further rise in the river as the sudden breaking of the jam. The ice which in its slow progress during the past few days has uprooted huge trees and carried away dozens of docks and boat houses, would, it is feared, in a sudden rush, will erase acres of territory along the upper banks of the river.

SARAH E. THOMPSON INJURED.

Severely Injured by Being Struck by a Street Car.

(By Wire to the Morning Star.) Washington, April 21.—Mrs. Sarah E. Thompson, aged 71, who served as a spy during the Civil War, and is said to be the only woman carried on the pension rolls as a soldier, was so severely injured here today by being knocked down by a street car near the Capitol that she may die. She rendered conspicuous service to the Union cause during the Civil War by the discovery of the whereabouts of the noted Confederate General John T. Morgan. Mrs. Thompson, who was a native of Tennessee, was employed in the postoffice department.

A SHARP TARIFF TILT

Between Republicans and Southern Democrats as to the Duty on Cotton Seed Oil—Southern Senators Differ on Subject.

(By Wire to the Morning Star.) Washington, April 21.—In the Senate today cotton seed oil was the subject of an exchange of opinions between protectionist Republicans and tariff-for-revenue Democrats. Taunting members of the minority by stating that the cotton seed oil industry of the South had appealed to him for tariff protection, Senator Aldrich suggested to Mr. Bacon that if the Senator from Georgia and other Southern Senators should get together in favor of placing that product on the free list as was the case when the bill passed the House of Representatives, he thought an agreement to that effect might be reached.

This suggestion had been called forth by a statement by Mr. Bacon, who said if the 25 per cent. ad valorem levied on importations of cotton seed oil did not produce an income he thought it should go on the free list. Senator Simmons, of North Carolina, protested against such action declaring that he was free to say that he was not in favor of placing cotton seed oil on the free list.

Stating that the importation of cotton seed oil in 1908 was 202 gallons, worth \$81, and yielding revenue of \$8.28, Mr. Aldrich said the tax on that article was "for protection pure and simple."

"Any pretense," declared Mr. Tillman rising in his place and speaking in vigorous language, "that there is protection on cotton seed oil through such a duty is a humbug. Cotton seed oil producers do not want any protection at all."

Mr. Aldrich said he had been appealed to by such producers from the South and Mr. Tillman retorted that he "didn't represent such people."

Mr. Money joined in a declaration that the South did not want protection on cotton seed oil.

Substantial progress was made by the Senate in the consideration of the tariff bill. No Senator being prepared to speak on the bill as a whole, the reading of the measure by paragraphs was begun. The various items in the chemical schedule were passed over for future consideration. The reading was frequently interrupted by the discussion of amendments and only 18 pages of the bill were disposed of. Senator Cummins presented his income tax provision and discussed it at length.

At 5 o'clock P. M. the Senate went into executive session. The nomination of Thomas C. Dawson to be Minister to Chile was confirmed. At 5:15 P. M. the Senate adjourned.

GRAIN GROWERS TO MEET.

Call Issued by Farmers' Union at Springfield—Market Conditions.

(By Wire to the Morning Star.) Atlanta, Ga., April 21.—A new factor appeared in the wheat situation in America tonight when a call was issued for a mass meeting of all grain growers under the auspices of the Farmers' Union at Springfield, Mo., on May 12th next. The call was issued by C. S. Barrett, president of the Farmers' Union, and asked that farmers not members of the Union attend as well as the organization members. Mr. Barrett, in issuing the call said: "Present uncertain conditions do not make for permanent high prices for wheat. It will be remembered that when a few years ago cotton was boosted to the sky, the farmers received little benefit since it had left their hands. The situation applies now to wheat production. Eventually the public will begin to inquire into the vastly increased cost of living in all directions. Then, both cotton and grain growers, and the producers of every other commodity will come in for adverse criticism, perhaps adverse action, for conditions of which they are no victims no less than the consuming public."

"It is the intention of the meeting next month at Springfield to place the growers squarely on record before the world, and to build such a system as will enable wheat to sell for the highest possible figures while it is yet in the hands of the grower. At present the manipulator is about the only beneficiary."

ROOSEVELT REACHES AFRICA

Party is Accorded Hearty Welcome—Former President Pleased.

(By Wire to the Morning Star.) Mombasa, East Africa, April 21.—Ex-President Theodore Roosevelt arrived here this evening on board the steamer Admiral. Mr. Roosevelt was in the best of health as were all the members of the party.

The people of Mombasa were in a great state of expectancy throughout the day and the first word of the sighting of the ship brought them in crowds to vantage points, where they might catch a glimpse of the distinguished visitor. The Admiral, however, came slowly up to the harbor and it was dark when the ex-President, accompanied by his son Kermit, and the captain made a landing. They were brought ashore in the commandant's surf boat and carried to a place of shelter in chairs on natives' shoulders. There was a perfect deluge of rain, but in reply to the expressions of regret at the weather Mr. Roosevelt said he was glad to get ashore in any weather.

The former President seemed highly pleased when he observed the military guard drawn on the pier in his honor.

AN AMENDMENT TO TAX INCOMES

Offered to The Aldrich Bill by Senator Cummins of Iowa.

TERMS OF THE AMENDMENT

Explained by Proposer—Rate Scaled According to Incomes—Why Not Made Applicable to Corporations—Objections.

(By Wire to the Morning Star.) Washington, April 21.—His amendment to the Payne-Aldrich tariff bill, providing for a graduated income tax, was introduced today by Senator Cummins, of Iowa. Mr. Cummins pointed out that it differs in some important particulars from either the law of 1894 as well as the Bailey amendment, the individual has the right to deduct from his general income amounts received as dividends from a corporation if the corporation pays an income tax.

The amendment proposed by Mr. Cummins further provides that all corporations shall make annual reports showing their gross and net earnings, and the amounts paid as interest and dividends, and the persons to whom payments are made, and also the names of all officers or employees receiving \$5,000 per year or more. In this way the undivided profits of a corporation are ascertained, and the distributed share of each stockholder charged as a part of his income.

Mr. Cummins said he recognized that his amendment challenged the opinion of the Supreme Court of the United States on the law of 1894 in respect to the constitutional requirement regarding direct taxation, and he believed it would be impossible to frame an income tax law that would not antagonize that opinion.

Senator Smith, of Michigan, said the proposed amendment would not reach the incomes of Americans resident abroad unless the tax was placed upon corporations.

Mr. Rayner took the same view. "Suppose," he said, "Carnegie with an income of \$500,000 a year derived from the Steel Corporation should be living abroad there would be no way to collect the tax if he had no other property in the United States to be attached."

"I propose," replied Mr. Cummins, "that the corporation shall pay that tax. That is the purpose of my amendment" or the amendment offered by Senator Bailey. It exempts incomes below \$5,000 and authorizes the deduction of that amount from every dutiable income. The rate provided for is as follows:

Upon incomes not exceeding \$10,000, 2 per cent.; upon incomes not exceeding \$20,000, 2 1/2 per cent.; upon incomes not exceeding \$40,000, 3 per cent.; upon incomes not exceeding \$60,000 3 1/2 per cent.; upon incomes not exceeding \$80,000, 4 per cent.; upon incomes not exceeding \$100,000, 5 per cent.; upon all incomes exceeding \$100,000, 6 per cent.

Mr. Cummins believes that the graduated tax so provided for will produce a somewhat less revenue than a flat tax of 3 per cent., and is of the opinion that the amount raised under his amendment would be about \$40,000,000.

Another point of difference is that the duty is to be levied only upon individual incomes. He treats corporations as mere instrumentalities for individual profit and the chief reason for not including corporations is that to put a tax upon the incomes of corporations is to tax those who are stockholders of the corporations, but whose total incomes would not reach \$5,000, precisely as though they had dutiable incomes. This would be the result with a flat rate; but he points out that when the graduated tax is employed it is obvious that the individual income can alone be considered; "otherwise," he says, "the man with the lowest dutiable income would insofar as it is derived from a corporation, often times bear the maximum rate levied upon the highest incomes."

"The chief object of a graduated income tax law is to put the burden of Government upon those who are best able to bear it; and to do so it is necessary to put a higher rate upon large incomes than upon small ones."

TURKEY QUIET AGAIN

Abhad Mamei Will Remain Sultan. Cabinet to Resign.

(By Cable to the Morning Star.) Constantinople, April 21.—The conflict between Mussulman poetry and the political ideas of the west has brought the Turkish people to the verge of civil war. Zeal for the faith has been unloosed and the adjustment of the Sultan's relations to the Committee of Union and Progress probably will only postpone the armed struggle between the deliverers of the ancient teachings of the prophet and those are urging the teachings from western Europe.

The Cabinet debated the situation for four hours today, giving special attention to the negotiations on behalf of the Sultan with the military members of the committee, among who are Huseini Pasha, the commander of the third army corps, his division commanders and Izzet Pasha, chief of the general staff.

The Sultan's primary demand is to remain the constitutional sovereign with all the spiritual powers of the Caliphate and with liberal allowances for household, while he also asks for a variety of minor guarantees, which it would not be difficult to grant. The demand of the Committee of Union and Progress is that the Sultan offer no resistance what ever and submit unconditionally.

AMERICAN SHIP FIRED ON

Charged With Fishing in Canadian Waters—Run Down and Captured. Taken into Port—Complaint Filed by Captain.

(By Cable to the Morning Star.) Vancouver, B. C., April 21.—The cruiser Kestrel, of the Dominion Government, arrived in port today, having in charge the American halibut fishing schooner Charles Levi Woodbury, which she captured after firing four rounds from her machine guns and threatening to sink the poaching vessel unless she surrendered.

The action took place Sunday afternoon in Northern waters, alleged to be contiguous to Canada.

Five shots aped in the direction of the Woodbury each time the machine gun was fired as the vessel speeded at full speed from the west coast of Vancouver island and pointed towards the middle of the Pacific.

Three of the rounds were warnings to heave to, but the last meant business. The shot ripped the main sail of the schooner and one or two knocked splinters off the mainmast. Captain Sinclair feared that he would be sunk and the Woodbury's engines were then stopped and her sails, gashed by the British shot, hauled down.

An officer and three men from the Kestrel boarded the Woodbury and took charge. Captain Newcomb, of the Kestrel, declares he has a clear case against the Woodbury.

The warship took the Woodbury in tow and headed for Vancouver, arriving this morning.

Captain Sinclair, master of the Woodbury, visited the United States Consulate today and lodged a complaint with Colonel West, the American Consul, who will investigate. If he thinks the seizure was not justified he will lodge a protest. The schooner is owned by the Standard Fish Company, of Seattle.

Washington, April 21.—The seizure of the American schooner Charles Levi Woodbury for alleged poaching, will have a tendency to hasten the reaching of a definite understanding between the American and British Governments as to their attitude towards Hecate Strait, which the Canadians desire shall be regarded as a "closed sea," and the right of fishing therein denied to Americans.
